Dark and mysterious yet smooth & drinkable with hints of hops and a touch roast that disappears like a sunrise over Long Island Sound At 5% aby Midnight Lager is as Island Sound At 5% abv Midnight Lager is as refreshing as wading in the tide pools at night

South End

PALE ALE | 5.2% ABV

We went back to school to study up on all the new varieties of hops sprouting up all over the world – and decided to grow a new kind of pale ale with locally grown Chinook hops. Starting with standard Canada malts, we created a base that will float the Canada mairs, we created a base that Will floot the supple aromatics of this American hop. A hint of malt gives way to a wave of light melon that will tease your senses. From the first sip to the last, this Pale Ale will surprise and tantalize your tongue. Hoppy but not too bitter, with just enough edge to you want another! South End Pale drinks well with the Brewmaster's Pie or the simplicity of a cheese pizza.

Old News DIPA

Double IPA | 8.0% abv

We brewed this double using old-school hops and traditional American malt for an in-your-face flavor and intense hop character. At 8% abv, this one is our front-page headline, expect to get hops, malt and bite from the first sip to last in every glass. We put this DIPA up against any and all of our favorite pizzas! Be careful, it might even want a slice.

Brewport Against the Tide

Great things are brought with the incoming tide, here's proof! High Tide IPA is a glorious blend of sativa and zamba hops. From the first sip you will notice mango, passion fruit, and citrus that blend smoothly into a modestly bitter finish. Bright, clean and as refreshing as plunging from the rocks into the cool crisp waters of High Tide. When you run out of beach, you know it's time for High Tide.
